

2022

About Us

PT RATHA KARYA INDO was established in 2022 where it was born from the founder's thoughts about the limited space for expression. Ratha has a term in archaeologists in the form of "Train", where the founder wants to make this company as a means to work especially in doing business in Indonesia.

Logistics and forwarding is where PT RATHA KARYA INDO started its business. Where the logistics business is the oldest business in the history of mankind. Because Batam Island is an area designated as a Free Trade Zone area by the government, making this business opportunity the best opportunity for this company. Not only in the field of logistics, PT RATHA KARYA INDO also accommodates cooperation partner activities in other fields in the form of cooperation in procurement of services and investment business.
